

Spectralink 7622

Unique Wireless Solution for Manufacturing and Personal Safety

The Spectralink 7622 is ruggedised and durable in harsh conditions – no matter if they are humid, dusty, or dirty. The handsets combine maximum functionality, ease of use and elegance with a durable design. And, the handsets are designed to meet the needs of a mobile workforce in industrial and manufacturing environments.

The robust design of the IP 64-compliant handset ensures it is resistant to dirt, dust, and splashing water. The handset comes with a complete set of specialised features prepared for third-party applications, which can be tailored to meet any organisations individual needs.

The Spectralink 7622 offers a range of safety features. The integrated alarm button and specially designed colour-coded alarm icons ensure immediate reaction in critical situations. The high-quality TFT colour display provides a clear view from all angles.

To improve communication in noisy environments, the handsets have a headset jack with amplifier for industrial headsets and a vibrator option, which make the handsets ideal for environments where a ringtone may not be enough to detect incoming calls and messages.

The Spectralink 7622 is certified and tested with PBX market leaders.

Spectralink 7622 Handset

The Spectralink 7622 handset is highly durable, designed specifically for manufacturing environments and comes with a range of features such as; an alarm button, colour display, and manufacturing-specific alarm icons.

BENEFITS

- Certified and tested with PBX market leaders
- Instant notifications make users aware of potentially hazardous situations
- Lone workers can send alarms in case of emergency
- Notification in case of machine failure reduces production downtime
- Automatic alarms (man down, no movement and running detector) increase personal safety and security

FEATURES

SPECTRALINK 7622

- TFT colour display:
 - 65,000 colours
 - Eight lines of text/icons
 - 128x160 pixels
- Date and time in display*
- Four-way navigation key
- Auto key lock
- Auto login – roaming between 15 different installations
- Alarm key – ready for application**

SPECIFICATIONS

APPROVALS

- EMC:
 - EN 301 489-1
 - EN 301 489-6
- Radio:
 - EN 301 406
 - EN 300 328 (Bluetooth 7642 only)
- Safety: EN 60950-1

SIZE AND WEIGHT

- Size: 148 x 50.4 x 21.6 mm (5.8 x 2.0 x 0.9 in.)
- Weight: 115 g incl. battery (4.0 oz incl. battery)

SPEECH / STANDBY TIME

- Speech time: up to 23 (27 hours in economy mode)
- Standby time: up to 118 hours

BATTERY

- Battery: Li-ion battery
- Easily removable battery with option to use in shift-operation environments
- Battery lifetime under proper charge and discharge conditions: Two years or 500 charging cycles

TEMPERATURE

- Operating temperature: -10° - 55° C (14° F - 131° F)
- Charging temperature: 0° - 40° C (32° - 104° F)

IP RATING

- According to EN60529:
IP 64 classified (dust tight and water splash proof)

TESTS

- Drop test: IEC 60068-2-32

7622 / CISCO SKUs

- SP-SLNK-7622-EU (EMEA)
- SP-SLNK-7622-AU (Australia)
- SP-SLNK-7622-NZ (New Zealand)
- SP-SLNK-7622-NA (North America / Canada)
